MEMORANDUM FOR: Inspector General

FROM :   
Assistant for Information, DDASUBJECT : Senate Select Committee on Intelligence:  
Request for Reports and Files on theREFERENCE : Your memorandum dated 9 September 1976,  
same subject

1. Pursuant to referenced memorandum, I have reviewed on a spot-check basis the material relating to the subject request from the Senate Select Committee which was assembled by the Inspector General in room 6E-60 of headquarters. We believe that the material is such that the procedure recommended for access to the material by cleared representatives of the Senate Committee in paragraph 3 of your memorandum is appropriate.

2. I am advised that additional material responsive to the Committee's request, but which was not appropriate for the general review, has been prepared by the Office of Security for review by the Senate staffers and will be made available for such review on Office of Security premises.

MEMORANDUM FOR: Deputy Director for Administration  
Deputy Director for Operations  
Deputy Director for Science & Technology  
Executive Registry  
Office of Legislative Counsel  
Office of General Counsel

FROM : John H. Waller  
Inspector General

SUBJECT : Senate Select Committee on Intelligence:  
Request for Reports and Files on the

STAT

REFERENCE : Letter from Senators Inouye and Baker  
to Mr. Bush, dated 1 September 1976,  
attached

1. Material pertinent to the subject request has been assembled by a number of Agency components: DD/A, DD/O, ER, and OIG. The volume of this material is considerable. We propose dealing with it as stated below.

2. OIG has a number of files and documents which have a direct bearing on the subject request. Most of this material originated in components other than OIG. ER has forwarded to us its holdings having to do with the subject request. These are documents formerly held by the Review Staff. They, too, are primarily the product of other Agency components.

3. We believe this material, plus that identified by the DD/A and the DD/O, should be placed in a conveniently located, secure reading area for review by the appropriate addressees of this memorandum during the week of 13 September. Once

ADMINISTRATIVE INTERNAL USE ONLY

that review is completed, properly cleared representatives of the Senate Committee should be invited to review the material subject to the following agreed conditions: any notes taken by them would be subject to review and excision of information pertaining to intelligence sources and methods; documents desired by the Committee representatives could then be sanitized as necessary and copied for release to them after coordination by the addressees.

4. This procedure is similar to that followed during portions of the external investigations of CIA. While somewhat cumbersome, it does reduce the amount of reproduction and sanitization which will be required. We believe most documents of possible interest to Committee representatives were forwarded in one or another form to the Senate Select Committee during the investigations.

5. Please contact Mr. [ ] of this Office, [ ] to comment on the arrangements outlined above and to finalize them if you have no major problems with them.
